

Orientation to the Counseling Profession: Advocacy, Ethics, and Essential Professional Foundations, MyLab Counseling with Pearson Etext -- Access Card

By Bradley T. Erford

Pearson Education (US), United States, 2017. Condition: New. 3rd edition. Language: English. Brand new Book. NOTE: Used books, rentals, and purchases made outside of Pearson If purchasing or renting from companies other than Pearson, the access codes for the Enhanced Pearson eText may not be included, may be incorrect, or may be previously redeemed. Check with the seller before completing your purchase. This access code card provides access to MyLab Counseling with Pearson eText. Current, innovative, and all encompassing, Orientation to the Counseling Profession: Advocacy, Ethics, and Essential Professional Foundations provides a wealth of information on the most foundational and emerging issues of the counseling profession. It is specifically designed to orient counselors-in-training, regardless of specialty area, to the profession of counseling. The title includes comprehensive coverage of the major tenets of the counseling profession including advocacy and multicultural counseling, licensure, professional associations, ethical/legal issues, crisis intervention, consultation, supervision, outcomes, research, and the counseling process, with diverse applications across the life span, settings, and specialties. Written in keeping with new counselor preparation initiatives, which expose counselors-in-training to essential current and future practices, it prepares students for the future of the counseling practice into which they are about to enter. New to this...

Reviews

This book is definitely not straightforward to get started on studying but extremely exciting to read. It is really simplistic but shocks in the 50 percent of the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- Ally Reichel

This publication is amazing. It is definitely basic but shocks in the fifty percent of your publication. You won't feel monotony at anytime of your own time (that's what catalogues are for concerning if you question me).

-- Prof. Kirk Cruickshank DDS
